NEXT MEETING

Our next meeting will be May 10th at 12:00 PM at the field. We're keeping our fingers crossed that the weather will cooperate. If it's determined that it's too wet at the field we'll hold our meeting at Pendleton Town Park which is right down the road from our field. Watch your email and/or the club Facebook page as it gets closer to the day for updates.

WILL BURLEY

We're sad to have learned that Will Burley has passed away. Will was a long time member and club historian. He hadn't been active flying in the past few years but kept in touch with some of our club members.

700 FT ALTITUDE AUTHORIZATION

We received an email from AMA: AMA is excited to announce that we have been granted a National Authorization allowing our members at AMA club sites in Class G airspace to operate above 400 feet above ground level (AGL) for routine, day-to-day activities. Your flying site, Brauers Aviators - Mapleton Rd, has been granted a 700 foot altitude limit.

Some FAQs about the new authorization <https://amablog.modelaircraft.org/amagov/2025/04/23/faq-for-national-class-g-7711/>

T-SHIRTS

Members have been asking about getting new club shirts. Maybe your old one got too close to a propeller or you've got mustard stains from the last weenie fly. Joe Suarez has made arrangements to get new ones made. They will be \$20.00. If you'd like more info or to order one, you can contact Joe at 716-694-8641 or svega355@aol.com.

THIS SPACE AVAILABLE

If you ever have any information that you feel would be of interest to the club please send it to brauers_aviators@yahoo.com and I'll get it in the newsletter. Things you're working on, a problem you've solved, etc. Pictures are great also.

IMPROVEMENTS - FOLLOW UPS

During our March meeting we had some good discussions about web-site updates, working on getting permission to put our sign up so that we'll have more visibility with the public and working on other things we can do to help recruit some new members. Members have been working on getting these things done. We have more flyers printed, web-site updates are in progress and our sign is up now at the entrance to our driveway.

There will be lots to discuss at our next meeting. Thanks to all who are working on improving our club!

FLYING

Joe and Kevin got some flying in at Gratick Park recently. I heard the sea-gulls didn't bother them much :)
