## LOST - ONE AIRPLANE

Phil Johnson lost a plane in the woods directly across from the frequency board. If you happen to find the wayward plane, please contact Phil.

## MEDICAL KIT

Just a reminder that we have a medical kit stored in the rafters of the shelter. It is located in the South West corner of the shelter. If you need to use anything from the kit, please let one of the club officers know so that we may replenish what was used. Thanks.

## FIRE EXTINGUISHERS

Please remember to bring along a fire extinguisher if you are flying models using either gasoline engines or powered by lithium batteries. Even if you can't put the actual fire out with the fire extinguisher, at least you can keep it from spreading.

## LAST MEETING FOR THE SUMMER

Our June meeting will be the last meeting until fall. Come out early and get some flying in and then join us across the street at Brauer's for some socializing and meeting business. The meeting starts at 8:00 PM.

## LOOKING FOR DONATIONS

We are in need of any 1.5" PVC Pipe or fittings anyone has and may want to donate to the club. We want to use it to replace the existing flight station fences with something better and easier to mow around. If you have any you would like to donate, please contact Glenn.

## BRAUERSAVIATORS.ORG

Check out [www.brauersaviators.org](http://www.brauersaviators.org) to see the latest updates.

## BRAUER'S HISTORY

We need the history of Brauer's Aviators for our website and the AMA also would like it. Can we get a volunteer who knows the history of the club to write something up? Contact Dan Yaeger if you can take on this task. Thanks.

The AMA's History Program was created to tell the complete story of model aviation through a collection of histories of modelers, clubs, and companies. There are thousands of model aviation-related clubs in the U.S., but our program only has the histories of seven in our online collection! [www.modelaircraft.org/museum/clublist.aspx](http://www.modelaircraft.org/museum/clublist.aspx)

Please help us document the history of modeling clubs by sharing your stories with us. You help us by adding to the overall history of American modeling clubs, and we help you by getting the word out about your club and potentially attracting new members.

### Telling the AMA about Brauer's Aviators is as Simple as 1-2-3!

1. Print out the AMA's Club History Writing Guide online at [www.modelaircraft.org/files/museum/PDF/clubwritingguide.pdf](http://www.modelaircraft.org/files/museum/PDF/clubwritingguide.pdf)
2. Write as much as you can about the club. Make sure to read and complete the consent form, which is the last page of the guide.
3. Mail the completed Club History Writing Guide (with completed consent form) and additional materials to:  
Academy of Model Aeronautics  
Attn: History Program  
5151 E. Memorial Drive  
Muncie, Indiana 47302

or scan and send via e-mail to [historyprogram@modelaircraft.org](mailto:historyprogram@modelaircraft.org)
