CAN YOU BELIEVE IT?

It's been almost two years since our last Club Officer elections. In April, it will be time for some new folks to step up to the plate and run for a club office. Some of our current officers have been in their respective positions for up to 15 years already! Being a club officer isn't too hard. Any position listed on the left of this newsletter is up for grabs. Come out and support your club.
→

SERGEANT AT ARMS

We have an immediate need for a new Sergeant at Arms for the club. Dick Apfel has retired from that position as of the last meeting. We would like to thank Dick for all his years of service in this position. Contact Glenn if you are interested in the position, or would like more info on what the position entails. Better yet, come out to the meeting this month and nominate yourself for the position. →

HINGING TIP

Trick to using robart pin hinges – by Dave Raczka

I was installing Robart pin hinges on my T-34 Mentor, I can never get both sides perfect.. no matter how careful measure. So I came up with a neat trick to make them perfect.

On the stab (in this case 3 hinges on each side) I mark out where I want the holes, then I clipped off 1/4 inch of T-Pin tip and using pliers pushed the short pin into the stab were I marked. I left about 1/8 inch or less sticking out (either end works, but I pushed the pointed end into stab).

Next I made sure the elevator was perfectly aligned with the stab then pressed the two together. The pins left a mark on the Elevator (or rudder) were to drill the holes.

I guess you could use the same method with CA hinges... →

MEMBERSHIP ROSTER NEXT MONTH

The 2011 membership roster will be included in the April newsletter. →

BRAUER'S ANNUAL FUEL ORDER

It's that time of year again. Get me your requirements for Fuel and when I get the prices from Field's Hobbies I'll pass them along and we can put in our fuel order. No phone in orders please. →
